

MyQ Epson Embedded Terminal 10.2

- Minimum requested support date: **01 January 2025**

MyQ Epson Embedded Terminal 10.2 (Patch 1)

3 March, 2026

Improvements

- **NEW FEATURE** Language selector - added support of languages with vector font.
- Codebooks UI and functionality improved.
- New Quota Status design.
- Improved scrolling.
- General UI improvements.

Changes

- Minimum support date moved to 1.1.2025.

Bug Fixes

- Easy Scan to Fax Server - smart parameters are not used.
- When the print job policy **Keep job for reprint** is set to **No**, the user can still add a job to favorites and see the favorites tab.
- Easy Scan to Email is not working in secured network communication.
- Remote setup fails on devices intended for EU market.
- HW Keyboard can create miss clicks.
- Keyboard numbers 3 and 8 are not working.

MyQ Epson Embedded Terminal 10.2 RTM

28 May, 2025

Improvements

- The parameter for changing the threshold for Skip Blank Pages was introduced to the Configuration profile.
- Favorite Actions reordering improved.
- UI improvements in Release Options, Login Screen, Quota, Credit, Favorites, and Top Menu.
- Thai, Malay, and Vietnamese languages supported.

Bug Fixes

- Terminal installation could fail during switching to another version.
- Price list displayed on the embedded terminal is not recalculated after change of the paper format.
- Easy Scan to MyQ users finished with Processing failed message.
- Number of jobs on Print All button added as Favorite Terminal action isn't updated automatically.
